Hints

Superpowers of the Admin

Task Points: 200 ~~400~~ [?]

Task Status: **Completed**

Task details

Superpowers of the Admin

1. Like Whatsapp , the person who creates the group becomes the admin of the group .
2. He/she can make other users join the group just like in whatsapp by searching the name, emailID or phone number
3. He/she can make other members of the group the admin of the group.
4. He/she can also remove users from the group
5. One User can form multiple groups.
6. Just think of it like whatsapp groups.

Deliverable

1. Update the DB schema to handle this. Make sure the approach is scalable.
2. The admin should be able to perform the above mentioned tasks after this.
